Terms and Conditions

The enclosed list cancels all previous quotes, price lists, and availability listings. The prices listed herein are subject to change without prior notice. Material is offered subject to prior sale.

To those with an established record for prompt payment or with satisfactory references, we are glad to extend our regular terms of 30 days from the date of invoice. A finance charge of 1.5% per month (18% annual rate) will be added to all accounts over 30 days. New customers are asked to fill out a credit application to establish a credit account with our company. First time orders are always C.O.D. Others will pay for stock on pickup or delivery. Orders for shipment C.O.D. must be accompanied by a remittance of 50% of the amount to ensure acceptance. Accounts with past due balances will not be processed until account balances are paid in full.

All prices are F.O.B. Roseland, Inc. Sudlersville, Maryland. Freight charges are payable upon delivery unless other arrangements have been specified. All sales are charged Maryland State Sales Tax at a rate of 6% unless shipped out of state by the carrier.

Your material will arrive live and in good condition, whereupon your responsibility begins. Complaints or adjustment requests will not be entertained unless a claim has been made at the time of delivery on the shipping receipt.

We will not be responsible for any plant material not picked up within five (5) days of notification that the order is ready. We assume no liability for delays or failure to fill orders due to any causes beyond our control.

All stock will be B&B, in galvanized wire baskets with non-treated burlap. If treated burlap is required, please request it when your order is placed.

You are cordially invited to visit our nursery and/or tag your order. If you wish to visit, please call ahead and we will make sure we have someone available to assist you.

All orders are booked with the express understanding that the customer agrees to the terms and conditions of sale as stated above.

Maples

Acer compestre 'Evelyn'

(Queen Elizabeth Maple)

Tolerant of heavy pruning and dry compact soils. Typically has low branching and corky bark. Is useful in urban street sites under utility lines.

Acer palmatum 'Bloodgood'

(Bloodgood Japanese Maple)

Shape: upright, becoming broad topped with age

Foliage: purple-red

Fall Color: red

Widely used, well known, and reliable, Bloodgood is the standard for comparison among the purple leafed, tree form Japanese maples.

Acer palmatum dissectum 'Tamukeyama'

(Tamukeyama Japanese Maple)

Shape: weeping

Foliage: Laceleaf, deep purple-red

Fall color: red

Tamukeyama is outstanding among the laceleaf weepers for its rich foliage color. Leaves hold their deep purple color through the heat of summer better than other cultivars.

Acer palmatum 'Red Dragon'

(Red Dragon Japanese Maple)

Red Dragon holds its color better than almost all other red lace-leaves

Red Maple

Japanese Maple:

- Call For Pricing -

Acer platanoides

'Royal Red'

(Royal Red Maple)

It produces a very compact, heavily branched upright tree of the same deep purple leaf color, but much smaller size.

Acer rubrum 'Scarsen'

(Scarlet Sentinel Maple)

A strong upright branch pattern gives Scarlet Sentinel an oval to rectangular outline and a bold appearance that makes it an excellent tree for streets and parking lots. Leaves are darker green and larger than those of other Red Maples, and they hold up well in summer heat.

All the above priced as followed:

Size	Unit Pricing
2-2.5"	\$150.00
2.5-3"	\$180.00
3-3.5"	\$235.00
3.5-4"	\$305.00
4-4.5"	\$395.00
4.5-5"	\$475.00
5-5.5"	\$550.00

Acer rubrum 'Armstrong'

(Armstrong Maple)

Armstrong is a fast growing columnar selection. It is a very tall, narrow tree with ascending branches, and is widely used for street planting.

Acer rubrum 'Autumn Blaze'

(Autumn Blaze Maple)

A hybrid between Red and Silver Maple, it can be classified as *Acer x fremannii*. Combines the best features of both parents: the drought tolerance of Silver Maple and the fall color of Red Maple. Better branching habit than Silver Maple, though not as refined as Red Maple.

Acer rubrum 'October Glory'

(October Glory Maple)

October Glory is a round-headed selection which is the last cultivar to color in the fall.

Acer rubrum 'Red Sunset'

(Red Sunset Maple)

Red sunset is the most highly rated and reliable of the Red Maple cultivars. It is a vigorous growing tree with a strong and symmetrical branching pattern. The foliage is a very lustrous green in summer, changing to brilliant shades of red and orange-red in the fall.

Red Maple Oct.Glory 8"

Acer saccharum 'Commemoration'

(Commemoration Sugar Maple)

Commemoration is a fast growing Sugar Maple. The thick leaves are resistant to leaf tatter.

Acer saccharum
'Green Mountain'
(Green Mountain Sugar Maple)

Green Mountain is the standard for comparison in Sugar Maples. It is probably the best choice for northern areas. It provides reliable fall color.

Sugar Maple

Acer truncatum
'Pacific Sunset'
(Pacific Sunset Maple)

Has nice glossy summer foliage and goes into fall with colors of yellow, red and orange. Pacific Sunset has a finer textured branch structure and is more spreading than the Norwegian Sunset.

All the above priced as followed:

Size	Unit Price
1.5-2"	\$135.00
2-2.5"	\$165.00
2.5-3"	\$195.00
3-3.5"	\$260.00
3.5-4"	\$340.00
4-4.5"	\$450.00
4.5-5"	\$525.00
5-5.5"	\$595.00
5.5-6"	\$650.00
6-7"	\$875.00
7-8"	\$1200.0

Serviceberry

Serviceberry

Amelanchier 'Autumn Brilliance'
(Autumn Brilliance Serviceberry)

Small trees with attractive bark, orange-red flowers in early spring, and black fruit in the summer. A fine tree for understudy planting.

Amelanchier laevis
(Allegheny Serviceberry)

Small trees grown both tree form and multi-stem, with white flowers in clusters and orange fall foliage.

Amelanchier lamarckii

(Lamark Serviceberry)

White flowers appear in April. Edible fruits are 3/8", sweet in flavor, turning purple-black at maturity. New leaves are copper colored and silky. Fall color is bronze-orange. Prefers acidic to neutral soils.

Amelanchier x grandiflora 'Cole's Select'

(Cole's Select Serviceberry)

This Amelanchier selection has thicker, glossier foliage than the others, giving it a healthy appearance in mid-summer.

Size	Unit Price
1.5-2"	\$115.00
2-2.5"	\$135.00
2.5-3"	\$165.00
5-6'	\$95.00
6-7'	\$115.00

8-10'	\$165.00
10-12'	\$210.00
12-14'	\$285.00
14-16'	\$350.00

Birch

Betula nigra 'Dura Heat'

(Dura Heat River Birch)

Glossy, green leathery foliage and dense canopy. Holds leaves longer than other birches. Good heat tolerance.

Betula nigra 'Heritage'

(Heritage Birch)

A selection of River Birch chosen for its lighter colored bark and large, glossy, light green leaves. The peeling bark exposes patches of cream, orange and pinkish tan patches.

Size	Unit Price
1.5-2"	\$115.00
2-2.5"	\$135.00
2.5-3"	\$165.00

14-16'	\$350.00
16-18'	\$450.00
18-20'	\$625.00
20-24'	\$950.00

Hornbeam

Carpinus betulus 'Fastigata'

(Pyramidal European Hornbeam)

This medium sized tree is very symmetrical and presents a formal appearance. It is heat and drought resistant and seems to be relatively free of disease and pest problems.

Hornbeam

Carpinus betulus 'Frans Fontaine'

(Frans Fontaine Hornbeam)

Shape: narrow, columnar

Foliage: dark green

Fall color: yellow

Fastigiate form is maintained with maturity, the narrowest of the *C. betulus* cultivars

Carpinus caroliniana

(American Hornbeam syn. Blue Beech)

Eastern U.S. native also known as Ironwood and Musclewood; names inspired by the smooth, gray, irregularly fluted trunk. A widely adapted small tree with outstanding fall color, excellent for naturalistic planting.

Size	Unit Price
1.5-2"	\$125.00
2-2.5"	\$165.00
2.5-3"	\$185.00
3-3.5"	\$235.00
3.5-4"	\$325.00
4-4.5"	\$450.00

Celtis

Celtis occidentalis

(Hackberry)

Shape: broad top with ascending, then arching branches

Foliage: light green

Fall color: yellow

Tolerant of harsh climatic conditions as well as urban abuse, deep rooted tree.

Cercidiphyllum

Cercidiphyllum japonicum

(Katsura Tree)

Shape: upright and pyramidal when young, rounded with age

Foliage: bluish-green

Fall color: yellow or apricot orange

The beautiful heart shaped foliage and the delicate, fine texture make this tree an eye catcher in parks and gardens.

Redbud

Cercis canadensis 'Alba'

(White Redbud)

Shape: open, spreading

Foliage: medium green

Fall color: Yellow

Flower: White, profuse

Bare branches are smothered in spring with a very profuse crop of clean, white flowers instead of usual magenta-pink blooms for which Redbuds are named.

Redbuds

Cercis canadensis

(Eastern Redbud)

The profuse flowers that bloom in April or May before the leaves develop make this a Spring favorite.

Cercis canadensis 'Forest Pansy'

(Forest Pansy Redbud)

Magenta rose flowers appear before the foliage. New growth is glossy. This is a red-leaved selection of the Eastern Redbud.

Size	Unit Price
1.5-2"	\$115.00
2-2.5"	\$135.00
2.5-3"	\$165.00
3-3.5"	\$225.00
3.5-4"	\$285.00
5-6'	\$95.00
6-7'	\$115.00
7-8'	\$135.00
8-10'	\$165.00
10-12'	\$210.00
12-14'	\$285.00
14-16'	\$350.00

Chionanthus

Chionanthus virginicus

(Fringe Tree)

Shape: oval to spreading

Foliage: medium to dark green

Fall color: yellow

Flower: Small greenish-white flowers borne in clusters, fragrant in late spring, masses of fragrant blooms cover the branches of this tree.

Dogwood

Cornus kousa 'Satomi'

(Satomi Dogwood)

Shape: vase shaped to rounded

Foliage: light green

Fall color: red

Flower: pink

Rose pink blooms perch atop the branches of Satomi Dogwood in late spring. Raspberry-like fruits appear in late summer among the light green leaves.

Cornus kousa chinensis

(Chinese Kousa dogwood)

An unusual and beautiful dogwood. Seems to be hardier, more drought tolerant and more disease resistant than *Cornus florida*. Magnificent in flower when it is covered with large white blooms. Mottled bark adds to winter interest.

Cornus kousa x nuttallii

(Starlight dogwood)

Shape: upright oval

Foliage: deep green

Fall color: red

Flower: large, creamy white

Fruit: ¾", orange

Strong upright growth, clean dark green foliage, and large firm flowers give this hybrid dogwood great promise.

Size	Unit Price
5-6'	\$95.00
6-7'	\$115.00
7-8'	\$135.00
8-10'	\$165.00

12-14'	\$285.00

Hawthorn

Crataegus viridis 'Winter King'

(Winter King Hawthorn)

This tree has glossy leaves, silvery grey bark and white flowers with red fruit in the fall.

Size	Unit Price
1.5-2"	\$115.00
2-2.5"	\$135.00
2.5-3"	\$165.00
3-3.5"	\$225.00
3.5-4"	\$285.00

Cryptomeria

Cryptomeria japonica 'Yoshino'

(Yoshino Cryptomeria)

This excellent evergreen is the best of all the Cryptomeria for retaining its green color through the winter. It is excellent for use as a screen or a specimen plant.

Cypress

Cupressocyparis leylandii

(Leyland Cypress)

These trees are used as windbreaks. They are fast growing and very durable. The foliage is a medium green.

Leyland

Pricing for Cryptomeria and Cypress as follows:

Size	Unit Price
5-6'	\$105.00
6-7'	\$135.00
7-8'	\$175.00
8-10'	\$250.00

12-14'	\$450.00
14-16'	\$575.00
16-18'	\$1200.00
18-20'	\$1500.00

Beech

Fagus sylvatica 'Riversii'

(Rivers Purple Beech)

Rivers is deep purple in spring and purple bronze throughout the summer. The smooth silver-grey trunk is beautiful in winter.

Ash

Fraxinus am 'Autumn Purple'

(Autumn Purple Ash)

Autumn Purple Ash is a small, dense oval form of White Ash. Beautiful colors of yellow-orange to orange and deep purples. Seedless.

Fraxinus pennsylvanica 'Patmore'

(Patmore Ash)

Patmore is probably the best Green ash cultivar introduced to date. It has dark green, glossy foliage and a well behaved form. Extremely hardy and reported to be seedless.

Ginkgo

Ginkgo biloba 'Autumn Gold'

(Autumn Gold Ginkgo)

Striking golden yellow fall color is characteristic of this male clone. Narrow form in youth broadens with age.

Ginkgo biloba Male

(Maidenhair Tree)

An upright and large tree. No known insect to attack this tree.

Ginkgo

Ginkgo biloba

'Princeton Sentry'

(Princeton Sentry Ginkgo)

Stiffly upright growing and narrow in form, this male clone is seedless.

Larger Available Call for Pricing & Availability

Halesia

Halesia monticola

(Mountain Silverbell)

Shape: ascending branches form a conical to rounded crown

Foliage: medium green

Fall color: yellow

Flower: white, bell-shaped

Clusters of snow-white bell shaped flowers borne on pendulous stalks appear in May.

Hollies

Ilex opaca (female)

(American Holly)

The old stand-by, native to America. Produces bright red berries and is quite versatile. We believe it's the finest holly grown.

Varieties of American Hollies we grow:

Miss Helen - Broad based holly, pyramidal in shape, oval shaped berries. Olive green foliage.

Satyr Hill - Large olive green leaves, oval in shape, red berries.

Paterson - Grows very narrow and upright. Has nice berries and foliage is dense.

Ilex opaca

(Wyetta)

Another fast growing pyramidal holly exhibiting dense branching and substantial fruit set.

Ilex x 'Nellie R. Stevens'

(Nellie Stevens Holly)

Fast growing upright hollies with black green, textured foliage.

Nellie Stevens Holly

Ilex x 'Dr. Kassab'

(Dr. Kassab Holly)

Another broad based pyramidal in shape with hardy red berries.

Ilex x 'Centennial Girl'

(Centennial Girl Holly)

Pyramidal in shape with narrow deep green, matte foliage. Berries on this new holly are truly a spectacle well into early spring.

Ilex meserveae

('Blue Maid', 'Blue Prince', 'Blue Princess Holly')

Both green and blue varieties have glossy serrated leaves. Females produce brilliant orange-red fruit in fall.

Ilex crenata

(Sky Pencil Holly)

Exhibits an extremely narrow, densely branched habit.

Crape Myrtle

Crape Myrtle

Lagerstroemia indica

(Tonto Crape Myrtle)

It has big red blooms, grows in tight areas and it is disease resistant.

Lagerstroemia indica

'Red Rocket'

(Red Rocket Crape Myrtle)

One of the fastest growing crape myrtles and one of the few with red blooms.

Lagerstroemia indica

(Rhapsody in Pink Crape Myrtle)

It has soft pink flowers with crimson color flower buds and the foliage is dark wine for several weeks then they turn to dark green with age. They are also very drought tolerant and are highly resistant to powdery mildew.

Lagerstroemia 'Muskogee'

(Muskogee Crape Myrtle)

Lavender flowers. Medium brown exfoliating bark.

Lagerstroemia 'Natchez'

(Natchez Crape Myrtle)

White flowers. Cinnamon-brown exfoliating bark.

Koelreuteria**Koelreuteria paniculata**

(Goldenrain Tree)

It has a rounded shape and has pinnately compound, and medium green foliage. It has bright yellow flowers that are in large clusters and its color in the fall is yellow

Sweetgum**Liquidambar styraciflua 'Cherokee'**

(Cherokee Sweetgum)

One of the fruitless sweetgum cultivars. Foliage is a nice dark green with smooth rounded leaves.

Liquidambar styraciflua 'Rotundiloba'

(Rotundiloba Sweetgum)

Shape: pyramidal

Foliage: bright green, rounded lobes

Fall color: orange to purple

Fruit: Fruitless

This is the only Sweetgum known to be entirely fruitless.

Liquidambar styraciflua 'Worplesdon'

(Worplesdon Sweetgum)

The Worplesdon has a broadly pyramidal to oval shape, it has a green foliage and in the fall it is orange and purple.

London Planetree

London Planetree

Platanus acerifolia

'Bloodgood'

(London Planetree)

Naturally shedding bark creates a clapped brown and cream pattern that accentuates sunlight filtering through the foliage. This a widely used and very popular tree.

Platanus acerifolia

'Columbia'

(Columbia Planetree)

It has attractive, deeply cut leaves similar to Orientalis. A very fast growing plane tree.

Plums

Prunus cerasifera 'Crimson Point'

(Crimson Point Plum)

Shape: Columnar to narrow oval

Foliage: Purple red to purple bronze

Fall color: reddish

Flower: pink buds, white flowers

Pink buds open to white flowers that contract nicely with the emerging purple foliage. This outstanding columnar selection develops a narrowly oval mature canopy.

Prunus cerasifera 'Krauter Vesuvius'

(Krauter Vesuvius Plum)

This tree is very similar to Thundercloud in appearance, but is a little smaller and more upright. It tolerates hot dry weather, and seems to be the best flowering plum for southern California.

Prunus cerasifera 'Thundercloud'

(Thundercloud Plum)

Retains its purple foliage throughout the year.

Size	Unit Prices
1.5-2"	\$135.00
2-2.5"	\$165.00
2.5-3"	\$195.00
3-3.5"	\$260.00
3.5-4"	\$340.00

Cherry

Prunus serrulata 'Kwanzan'

(Kwanzan Cherry)

Kwanzan's large double pink flowers make it the showiest cherry in the spring.

Prunus 'Okame'

(Okame Cherry)

Flowers very early, and the effective floral display is long lasting as the flower bud and calyx are brightly colored. Okame is a hybrid of *P. incisa* x *P. campanulata*, originating in England and introduced to the U.S. by the Morris Arboretum.

Cherries

Prunus x yedoensis 'Akebono'

(Akebono Cherry)

Similar to Yoshino, but said to mature slightly smaller, and has a stronger tint of pink in its bloom.

Prunus subhirtella 'Autumnalis Rosea'

(Autumn Flowering Cherry)

Very unusual for its bloom. Flowers are produced in November and again in the spring. In mild climates it will bloom sporadically all winter. It has a delicate branch pattern which adds to its winter interest.

Prunus x hillieri 'Spire'

(Spire Cherry)

Spire is narrow and upright branching "fills in" for a nice appearance in the tree from the start.

Prunus x yedoensis

(Yoshino Cherry)

A graceful, small tree with light pink to white flowers. This is the famous tree which encircles the Tidal Basin in Washington, D.C.

Size	Unit Prices

Pears

Pyrus calleryana

'Aristocrat'

(Aristocrat Pear)

Narrow green leaves turning to deep red in the fall.

Pyrus calleryana 'Chanticleer'

(Chanticleer Pear)

Slopes upright, narrowly pyramidal with green glossy foliage. White clusters in the spring.

Pyrus calleryana 'Holmford'

(New Bradford Pear)

Shape: broadly oval to rounded

Foliage: green, glossy

Fall color: yellow to orange-red

Flower: white

This cultivar is similar in appearance to the well known Bradford, but it seems to be less susceptible to storm damage

Oaks

Quercus acutissima

(Sawtooth Oak)

A fast growing tree. Its foliage is very glossy and sharply serrated.

Quercus alba

(White Oak)

One of the mightiest of the noble oaks, White Oak is claimed by several states as their official tree. Reputed to be slow growing, well-grown nursery plants grow fairly once established. Unlike English Oak, this native of Eastern North America is resistant to powdery mildew.

White Oak

Quercus bicolor

(Swamp White Oak)

Lustrous, heavy textured green leaves with wavy margins. Well adapted to wet, poorly drained soils.

Quercus coccinea

(Scarlet Oak)

The habit of this tree is very similar to the Pin Oak. Has a brilliant red color in the autumn.

Quercus imbricaria

(Shingle Oak)

Its foliage is dark green and glossy. Leaves turn yellowish in the fall.

Quercus lyrata

(Overcup Oak)

Acid soil. Orange to red fall color. Adapts well to poor sites.

Quercus palustris

(Pin Oak)

Branches are long, slender and horizontally layered, giving this large tree an elegant appearance. Has beautiful fall color.

Quercus palustris 'Pringreen'

(Green Pillar Oak)

Shape: Narrowly columnar

Foliage: dark green

Fall color: deep red

Fastigate branching habit and a very dense, columnar shape makes this tree ideal for narrow street plantings.

Pin Oaks

Willow Oak

Quercus phellos

(Willow Oak)

Long slender branches give this large tree a graceful appearance. The leaves are long and narrow.

Quercus phellos

(Hightower Oak)

A cultivar of the Willow Oak species.

Quercus robur x Q. abla 'Crimschmidt'

(Crimson Spire Oak)

Shape: Columnar, tightly fastigated

Foliage: dark green to bluish-green

Fall color: rusty red

White oak parentage provides dark green, mildew resistant foliage and reddish fall color.

Quercus rubra borealis

(Red Oak)

The Red Oak is a large, fast growing, broad headed tree. The leaves turn from green to deep red in the fall.

Quercus shumardii

(Shumard Oak)

An excellent substitute for Scarlet Oak in the Central and S.E. USA. It thrives in moist, acid bottom land soils where poor drainage creates problems for other trees.

Locust

Locust

Robina pseudoacacia 'Purple Robe'

(Purple Robe Locust)

A tough, fast growing tree which is well adapted to hot, dry climates. It is best suited for areas of the west where it provides welcome shade during hot dry summers. Spines are much reduced compared to species.

Size	Unit Price
1.5-2"	\$130.00
2-2.5"	\$150.00
2.5-3"	\$190.00
3-3.5"	\$260.00

Willows

Salix alba 'Tristis'

(Golden Weeping Willow)

A large tree with graceful golden arching branches. Yellow bark and stems make this a tree of multi-seasonal interest. Ideal for wet conditions.

Salix 'Prairie Cascade'

(Prairie Cascade Weeping Willow)

Selected by the Morden Research station in Manitoba for cold hardiness. It combines a weeping habit, golden stems, and dark green glossy foliage.

Stewartia

Stewartia pseudocamellia

(Japanese Stewartia)

Shape: pyramidal to oval

Foliage: medium to dark green

Fall color: orange, red, purple

Flower: white, orange anthers

Camellia-like white flowers up to 2 1/2" in diameter appear on this medium sized tree in July and August. Beautiful cream and tan patches are revealed as its trunk exfoliates with age.

Styrax

Styrax japonicus

(Japanese Snowbell)

Dark green, fine textured foliage and dense, symmetrical structure create a tree that landscape designers will appreciate for its great uniformity in planting. It is resistant to the twig dieback that is common in seeding grown trees.

Styrax japonicus

(Snowcone Japanese Snowbell)

The Snowcone has a broadly pyramidal, dense shape and has a dark green and a fine texture foliage. In the fall it is yellowish and it has a flowers that are pure white and they are bell shaped.

Syringa

Syringa reticulata 'Ivory Silk'

(Ivory Silk Japanese Tree Lilac)

A heavy flowering tree, covered by large plumes of small white flowers in the beginning of summer.

Size	Unit Price
1.5-2"	\$130.00
2-2.5"	\$150.00
2.5-3"	\$190.00
3-3.5"	\$260.00

Linden

Tilia cordate 'Greenspire'

(Greenspire Linden)

A hearty, particularly attractive tree with leathery green foliage.

Tilia cordata 'Glenleven'

(Glenleven Linden)

Glenleven is perhaps the most vigorous cultivar of *Tilia cordata*. It produces pyramidal form that is a little more open and informal than that of Greenspire®.

Linden

Tilia tomentosa 'Sterling'

(Sterling Linden)

A vigorous growing tree with a very neat and symmetrical shape.

Elm

Elm

Ulmus americana

'Jefferson'

(Jefferson Elm)

Shape: vase shaped with arching limbs

Foliage: dark green

Fall color: yellow

Deep green foliage and an upright vase shape characterize this National Park Service joint introduction.

Ulmus americana

'Valley Forge'

(Valley Forge Elm)

This National Arboretum introduction has tested best for Dutch Elm Disease tolerance, bringing hope

for the return of the American elm. Fast growing but a little wild in the nursery, it matures to form a stately vase shaped crown

Ulmus japonica x wilsoniana 'Morton'

(Accolade Elm)

Arching limbs and a graceful vase shape characterize this outstanding hybrid elm selected and tested at Morton Arboretum. Glossy dark green foliage changes to yellow in the fall and is resistant to elm beetle feeding. Growth habit gives good form in the nursery and an ultimate form like the American Elm.

Ulmus parvifolia 'Emer II'

(Allee® Elm)

Tall, upright and arching, this cultivar's growth habit is unique among *U. parvifolia* cultivars, being reminiscent of the grand American Elm. Its exfoliating bark creates a mosaic of orange, tan and gray, a beautiful sight on a mature tree. Discovered by Dr. Michael Dirr of University of Georgia-Athens.

Ulmus parvifolia 'Dynasty'

(Dynasty Elm)

Orange - yellow fall color in a broadly rounded tree. Good environmental tolerance.

Ulmus parvifolia

Everclear

(Everclear Lacebark Elm)

This tree is distinguished by its fastigiated form and it has leaves that are larger and darker.

Ulmus 'Homestead'

(Homestead Elm)

This fast growing hybrid Elm was developed by the USDA Nursery Crops Lab. A complex hybrid of *U. pumila*, *U. hollandica*, and *U. carpinifolia*, it is close in form to the American Elm.

Ulmus x 'Regal'

(Regal Lacebark Elm)

The Regal is a fast growing tree and it has a Spanish green in color with a fall color that is reddish-purple. The tree is also tolerant to pests and diseases.

Ulmus americana 'Princeton'

(Princeton Elm)

Shape: upright vase shaped

Foliage: dark green

Fall color: yellow

Its dense symmetrical upright form and dark green foliage, it has since proven to be one of the best American Elms for resisting the attack of Dutch Elm Disease.

Ulmus 'Patriot'

(Patriot Elm)

This National Arboretum introduction features stiffly ascending branches, resulting in a narrower vase shaped crown than most elm cultivars. Foliage is especially dark green. A complex hybrid derived from *Ulmus wilsoniana*, *U. pumila*, *U. carpinifolia*, and *U. glabra*.

Ulmus 'Pioneer'

(Pioneer Elm)

Introduced by the USDA Nursery Crops Labs, Pioneer Elm is extremely vigorous and disease resistant . It forms a rounded, spreading crown suitable for parks and campus setting. A hybrid of *U. glabra* x *U. carpinifolia*.

Zelkova

Crimson King Maples/ Zelkova

Zelkova serrata 'Green Vase'

(Green Vase Zelkova)

A vigorous Zelkova selection, producing a taller, more graceful tree than 'Village Green'. Its finer textured foliage produces dappled shade.

Zelkova serrata 'Musashino'

(Musashino Columnar Zelkova)

Ideal for narrow street use, tightly upright branches allow good vehicle and pedestrian clearance beneath the delicate green canopy.

Zelkova serrata 'Village Green'

(Village Green Zelkova)

This tree is a replacement for the Elm tree. The Village Green has a spreading crown suitable for street and park planning.

FRUIT TREES

Apples

Apples (Semi-Dwarf)

(Granny Smith Apple)
Has dark green skin. Tart-sweet, crisp and juicy, keeps well. Good for eating, cooking and sauce.

Apples (Semi-Dwarf)

(Honeycrisp Apple)
Flourescent-red apple having a sweet-tart flavor and delicious texture.

Apples (Semi-Dwarf)

(Liberty Apple)
Red skin, medium tart, high quality eating and cooking apple. Flesh crisp, juicy and springtly.

Apples (Semi-Dwarf)

(Red Delicious Apple)
Beautiful red dessert apple.

Apples (Semi-Dwarf)

(Red Fuji)
Green or yellow-green with red highlights. Cream colored, firm fresh. Very aromatic favor. Excellent for cooking and eating.

Apple Trees

Apple Trees

Apples (Semi-Dwarf)

(Red Jonathan Apple)
Deep red strain of Jonathan. Flesh is white, juicy, and tangy. Excellent for eating, cider and keeps well.

Apples (Semi-Dwarf)

(Yellow Delicious Apple)
Golden yellow skin. Sweet, full flavored, outstanding dessert qualities.

Cherry

Cherry

Cherry (Prunus) Budded on Prunus avium

(Montmorency Cherry)

Bright red, yellow flesh. Excellent tart pie cherry. Freezes well.

Cherry (Prunus) Budded on Prunus avium

(Rainer Cherry)

Golden yellow with red blush. Large, firm, juicy and sweet fruit.

Pear

Pear (Pyrus)

(Bartlett Pear)

Greenish-yellow skin. Flesh is sweet, juicy, firm, aromatic and fine textured. Large bell shaped. Fresh eating and canning. Excellent dessert quality.

Pear (Pyrus)

(Twentieth Century Pear)

Yellow skin, white flesh, sweet, mild and juicy fruit. Best when tree ripened. Stores well.

EVERGREENS

Picea pungens 'Glauca'

(Colorado Blue Spruce)

Broad, open habit with blue-green foliage. Excellent specimen, salt tolerant.

Pinus strobus

(Eastern White Pine)

Large, fast growing pyramidal evergreen with long green-blue, green needles. Excellent for tall screening in large areas.

Pinus strobus 'Fastigiata'

(Columnar White Pine)

Same foliage as pinus strobes with columnar habit. Excellent accent piece, large hedge or screening for smaller areas.

Pinus thunbergii

(Japanese Black Pine)

Lustrous dark green needled evergreen with irregular branching habit. Excellent for windy areas and seashore plantings.

Picea abies

(Norway Spruce)

Rapid growing large pyramidal evergreen with dark green foliage. Graceful, arching branches with age. Excellent for screening or as a stand alone Christmas tree-like specimen.
